Report on Carbon Footprint Calculations

- Workshop on calculation of carbon footprint for teachers and students was conducted on 21st October 2015, 31st August 2016 and 9th August 2019 respectively by inviting the resource person, and consultant in carbon footprint calculations Mr. Vivek Arora.

- After attending the workshop Green Committee members Dr.Miskil Naik & Dr.Swati Pawar conducted the exercise of calculation of Carbon Footprint of the college.
- Similarly students of the Department of Economics were given orientation about carbon footprint and its calculation in order to create awareness. Students were given assignments to calculate the carbon footprint of their own homes and also to teach about it to their respective neighbours. Such assignment was given for different classes consecutively for three academic years. Students made PowerPoint presentations on the same. Various issues related to carbon footprint were discussed in classes to create awareness among students. This Covered 36 students and 72 households.

Students creating awareness about carbon footprint
