Keeping in the increasing need to develop entrepreneurship skills among the students, Department of Botany, Dhempe College of Arts and Science organized a Hands-on workshop on "**Bioenzymes: An Entrepreneur Approach**". Resource person Mrs Arina Frank gave a brief presentation on the methodology of making Bioenzymes with different substrates as well as the various uses of the same in day to day life with the help of Power Point Presentation. Students were trained in groups in the laboratory in preparing Bioenzymes. Students took keen interest in preparation. The workshop equipped participants with a set of skills which they can use time and again to become entrepreneurs.
