DEPARTMENT OF ZOOLOGY**

**Report of the Science exhibition held on 30<sup>th</sup> January 2024 under DBT Star College Scheme**

The Department of Zoology, under the DBT Star College Scheme, organised a science exhibition named "Fauna Fiesta: Exploring Zoological Discoveries" on January 30, 2024. Dr. Levinson Martins, Director, Department of Science, Technology and Waste management was the chief guest for the exhibition. The event aimed at showcasing various facets of zoological science and discoveries to both students and faculties, drawing participants from different educational institutions. The exhibition proved to be a significant success, with a total of 158 visitors, including students and faculties from schools, higher secondary institutions and various departments of Dhempe College.

The focus of the exhibition was on various zoological wonders, encompassing 10 engaging exhibits by the students from T.Y.B.Sc, S.Y.B.SC and F.Y. BA. These exhibits ranged from a detailed demonstration of the workings of the heart to an exploration of the process of hemodialysis. The ecological pyramids exhibit illustrated the hierarchy of ecological relationships within ecosystems, while the underwater wonders exhibit brought to light the captivating life forms beneath the water's surface. Additionally, the exhibit on camouflage showcased how animals utilize this survival strategy in their natural habitats. The exhibition provided a unique platform for both participants and visitors to delve into the fascinating world of zoology.
