

DCT's Dhempe College of Arts & Science, Miramar Goa

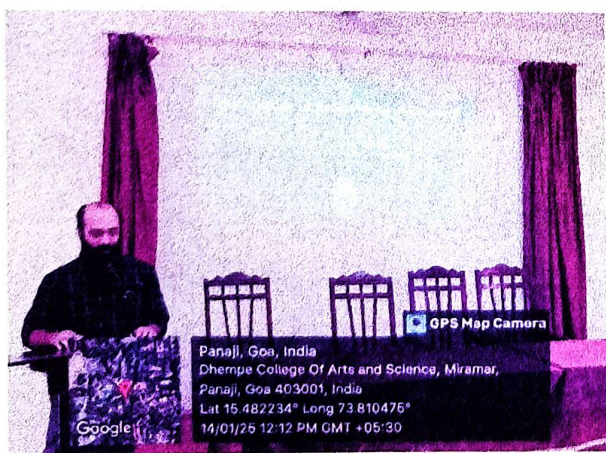

DEPARTMENT OF ZOOLOGY

Report of the session on 'Significance of Referencing in Research' held on 14th January, 2025 under DBT Star College Scheme

Objective: The objective of the session was to make students understand the importance of referencing in academic research, including its role in acknowledging sources, avoiding plagiarism, and enhancing the credibility and reliability of scholarly work.

Report: Department of Zoology under DBT Star College scheme organized a session on 'Significance of Referencing in Research' on 14th January, 2025. Dr. Avelyno D'costa, Assistant Professor of Zoology, of School of Biological Sciences, Goa University was the resource person for the session. A total of 50 students attended the session. The participants included the first year, second year and third year students and the faculty members.

Outcome: Students gained a clear understanding of the importance of referencing in academic research. They learned how referencing acknowledges sources, prevents plagiarism, and enhances the credibility of their work. Additionally, they became familiar with the role of proper citations in maintaining academic integrity and fostering transparency in research.
