Report of the State Level Seminar on “ Scope and Research in Zoology” under DBT Star College scheme

DCT's Dhempe College of Arts and Science, Miramar, hosted a State-Level Seminar on "Scope and Research in Zoology" under DBT Star College Scheme on 12th January 2024. The event aimed to delve into the expansive world of zoological exploration, shedding light on mysteries and lesser-known facets of the animal kingdom.

Dr. Manoj Borkar, the distinguished Associate Professor and Head of the Department of Zoology at Carmel College of Arts, Science, and Commerce, captivated the audience with his enlightening talk titled "In Quest of the Unknown and Lesser Known....." delving into the intricacies of zoological exploration, Dr. Borkar highlighted the pivotal role of research in unraveling the mysteries of the animal kingdom. During his engaging talk, Dr. Borkar underscored the importance of fostering a curiosity-driven approach in students, encouraging them to embark on journeys of discovery within the vast realm of Zoology. Drawing upon his own experiences, he shared anecdotes that illustrated the excitement and rewards of exploring uncharted territories in the field.

The seminar featured three other distinguished speakers, each contributing valuable insights to the audience. Shri Chandresh Haldankar, Superintendent of Fisheries from the Department of Fisheries in Panaji, Goa, discussed the various career opportunities available in the field of Fisheries.

Dr. Shivraj Bhoite, Manager of Application Services at Molbio Diagnostic Private Limited, Verna, addressed the crucial topic of "Skill Acquisition for Undergraduate Students in Industrial Research." His presentation aimed to guide students on acquiring the necessary skills for success in industrial research within the field of Zoology.

The international perspective was brought in by Dr. Ramesh Pandian, Senior Lecturer and Researcher from the University of Witwatersrand in Johannesburg, South Africa. He conducted an online session and shared his expertise on "Structural Biology Methods for Drug Discovery and Development," offering valuable insights into cutting-edge research methods in the field.

Students and faculty from five institutes including Ganpat Parsekar College of Education, Government College of Quepem, Carmel College of Arts, Science, and Commerce for Women, PES RSN College, and Goa University, joined the event. A total of 56 students and four faculty members attended the session, making it a successful gathering.

The diverse panel of speakers delivered an enriching discussion covering various aspects, including career opportunities, skill acquisition, and industrial research in the field of Zoology. The seminar provided a platform for students and faculty to expand their horizons and deepen their understanding of the exciting prospects within the realm of Zoological research.
