Report on 1st International Conference on Trends in Chemical, Energy and Environmental Engineering ChemEEE 2024

A three day international conference on Trends in Chemical, Energy and Environmental Engineering (ChemEEE 2024) was organised by the Indian Institute of Petroleum and Energy, Visakhapatnam was carried out at Green Park hotel, Visakhapatnam from 19th to 21st February 2024 to track the recent trends and advancements in chemical, energy and environmental engineering. A student of Third Year Bsc Biotechnology Ganatej Dayanand Kolamkar (roll no 1366) had attended the event and presented the poster on the project titled "Development of Bio packaging material from Waste Cooking oil using *Bacillus subtilis*" on the second day of the conference on 20 February 2024. The presenter was asked questions about the project regarding various techniques and instruments used. After this, lunch break was given and a chance for networking with the other participants was carried out where people from various fields interacted with each other.
