Co-ordinator: Dr. Purnima S. Ghadi

Organizing members: Dr. Shilpa Bhonsle, Dr. Pratibha Prabhugaonkar, Dr. Ashish Prabhugaonkar and Ms. Arti Dabolkar

No. of Student participants:24

Keeping in the increasing need to develop entrepreneurship skills among the students, Department of Botany, Dhempe College of Arts and Science organized a Hands-on training on “**Probiotics and Preservation: Science of Lacto-fermented vegetables**”. Resource person Mrs Arina Frank gave a brief presentation on the fermentation techniques as well as the concept of preservation and importance of probiotics with the help of Power Point Presentation. Students were trained in groups in the botany laboratory in preparing Lacto-fermented vegetables. Students took keen interest in preparation. The workshop equipped participants with a set of skills which they can use time and again to become entrepreneurs.
